The Southern Regional Health Authority (SRHA), a Statutory Body under the Ministry of Health & Wellness responsible for the management and operation of Public Health Services within the Parishes of Clarendon, Manchester and St. Elizabeth, invites applications from suitably qualified persons for the following position at the **May Pen Hospital**:

## BIOMEDICAL EQUIPMENT TECHNICIAN (SOG/ST 4)

(Salary range \$2,803,771 - \$3,770,761 per annum and any applicable allowances)

### Job Summary:

The Biomedical Technician repairs, calibrates and maintains medical equipment, instrumentation and support systems of moderate complexity used in health care delivery.

### Qualification and Experience:

Associate Degree in Biomedical Equipment Technology plus a minimum of two years' experience in the repair and maintenance of medical equipment.

### **OR**

Associate Degree in Electronics Technology or Diploma in Electrical Engineering specializing in Instrumentation and Control with a minimum of three years' experience.

### Specific Knowledge/Required Skills/Competencies:

- Knowledge of Biomedical Equipment Operation, Repair and Maintenance.
- Knowledge of Basic Anatomy and Physiology.
- Knowledge of Colour Code Conventions used in wiring and component marking.
- Sound knowledge of Biomedical Instrumentation.
- Sound knowledge of Customer service principles and guidelines.
- Sound knowledge of Current trends relating to Biomedical Equipment
- Ability to analyse, conduct repairs, test and maintain accurate records of medical equipment.
- Ability to interpret schematics, and illustrated parts drawings of biomedical instrumentation.

### Key Responsibilities includes:

- Installs, calibrates, maintains, repairs, and inspects medical equipment and instrumentation, including life support equipment using hand and power tools, measuring devices, and knowledge of manufacturers' manuals, and troubleshooting techniques.
- Gives recommendations regarding the purchase of medical equipment.
- Gives recommendations regarding equipment to be discontinued or "Board of Surveyed".
- Performs preventative maintenance and safety testing of clinical equipment, devices, and systems.
- Reviews outcome of preventative maintenance actions and make recommendations to supervisor.
- Diagnoses and corrects system equipment malfunctions.
- Provides technical assistance and instructions to personnel regarding equipment operation and maintenance.
- Assists with in-service educational programmes on use of equipment.
- Completes works orders and provide updates to immediate supervisor in a timely manner.
- Assists at other Hospitals and Health Facilities within the SRHA with repairs, maintenance and servicing of Biomedical Equipment.
- Participates in conferences, tender evaluation, meetings, workshops, seminars, and training, as required.

- Performs any other duties assigned by Supervisor.

**Special Conditions Associated with the Job:**

- Exposure to possible hazards including exposure to infectious disease, ionizing radiation, electric shock, chemical and chemical fumes, high pressure steam, high-pressure air, and various other hazards associated with biomedical engineering work.
- Required to work beyond normal working hours including weekends as the need arises.
- Required to lift up to 50 pounds of equipment, and to kneel, bend, stand, push/pull equipment carts, during equipment repair.

Applications along with resume should be sent **no later than Friday, January 16, 2026** to:
