The Southern Regional Health Authority (SRHA), a Statutory Body under the Ministry of Health & Wellness responsible for the management and operation of Public Health Services within the Parishes of Clarendon, Manchester and St. Elizabeth, invites applications from suitably qualified persons for the following position in **CHAPELTON COMMUNITY HOSPITAL**:

TECHNICAL ASSISTANT-ECG (HTAC/HT 1)-Temporary

(salary range \$1,792,163 - 2,130,319 per annum and any allowance (s) attached to the post)

Job Summary

Under the supervision of the Nurse in Charge, the incumbent will be responsible for providing support to the general nursing and medical staff and specifically to provide ECG tracing measurements when required by operating the electrocardiogram machine.

Qualifications and Experience:

- Successful Completion of accredited training in Allied Health Nursing-Level 2 (NCTVET)
- Successful completion of a training in ECG measurement techniques and procedures
- Secondary School Education

Specific Knowledge and Skills Required:

- Knowledge and use of aseptic techniques and standard precautions
- Ability to communicate effectively
- Ability to control operations of systems or equipment
- Excellent customer service skills required with the ability to deal tactfully and courteously with the public
- Ability to generate or adapt technology and equipment to serve patient's needs
- Ability to read interpret and present information and ideas

Key Responsibilities will include:

- Performing electrocardiogram tests on patients.
- Setting up ECG components for accurate readings.
- Monitoring the safety and comfort of patients at all times and elevate concerns accordingly.
- Providing patients with information about the ECG procedure and facilitating questions.
- Maintaining records for ECG procedures performed.
- Responding to emergency calls from doctors or nurses.
- Reporting abnormal reading to the Nurse or Doctor on duty, especially if the patient is having a Myocardial Infarction (MI).
- Printing and collating ECG reports for analysis by health care providers.
- Assisting with filing and retrieving patient's health information to include, but not limited to ECG results.
- Providing support to doctors and nurses in the care and treatment of patients.

Applications along with resume should be sent via email no later than **Tuesday, August 11, 2026** to:
